Write an essay (around 100–120 words) discussing the pros and cons of implementing a 4-day workweek in modern workplaces.

RESPONSE

In the modern world, the concept of working for the four day a week is becoming very famous. There are many big names such as industrialist, businessmen who are directly or indirectly promoting this concept. If we go with this concept of working for the four days a week, everything comes with the pro and cons. The pros of working four days a week is that one can spend more time with the family, friends and most importantly with himself. With this pace of life, it is being very hard for people to give time to them and their dear ones. However, benefits come with price that is if their company is giving that privilege, they have to work hard for extra hours for those days which will bring mental distress, pressure and many more issues. Therefore , i believe that one should have a balanced life whether working for 4 days or 5 days.

Transcript

Vending machine is a machine in which a lot of options are available. There is a interface for the menu for the concerned outlet or a small vending machine is put outside the airport. Vending machine have a menu. You can select the items which you want. After selecting the item the same will be replaced in a card. Firstly in a easy way firstly see whether it's a e-payment or a cash mode. After inserting a coin, go to menu, select the item, check your card and the quantity available. After checking that you can see whether the items you want is available or not. Then go out of the card, see for the payment method, pay for it and your item will be available in the counter or the box or a section where the item will be there. Thank you

Scoring Reason

The response covers basic steps of using a vending machine but lacks clarity, proper sequencing, and contains grammatical errors; the explanation is somewhat confusing and not fully fluent, appropriate for a lower B1 level response.
